## **OCEAN GATE SCHOOL RECEIVES MR. HOLLAND'S OPUS GRANT AWARD**

OCEAN GATE, NJ, APRIL 4, 2007: The Ocean Gate School District has been awarded The Mr. Holland's Opus Foundation award made possible through the generosity of the Annenberg Foundation. The District has received the award for demonstrating an outstanding dedication to helping the music program and students achieve their greatest potential. The Ocean Gate School will receive three trombones, three alto saxophones, six flutes and money towards the repair of musical instruments. For a small district like Ocean Gate, this grant helps defray some of the costs associated with supplies, materials and repairs. Children who may not be able to afford such an instrument will now have the opportunity to learn how to play. The District continues to be aggressive in its grant seeking efforts and wishes to thank the music teacher Ms. Erin Colling for her diligence in writing this grant.
